

**SERVICE e-PORTAL**  
ONLINE PARTS  
CATALOG

## State-of-the-art parts catalog

*Get the right part, at the right time.*

## Productive, convenient and user-friendly

*All your machines on one portal.*

## Access and update all your machine data

*Round-the-clock access.*

The e-Portal is a secure, personalized 24 hour online service platform that provides customers detailed assembly drawings and a direct spare parts inquiry service.

- The e-Portal provides fast and accurate identification of parts which reduces lead time and helps avoid costly delays.
- Detailed exploded views, photographs of parts and convenient, up-to-date manuals help customers save valuable time in maintaining their machines.
- The 24 hour access ensures flexibility in ordering spare parts and accessing machine manuals.

To get your personal login, contact us now at Service center: [service@packsysglobal.com](mailto:service@packsysglobal.com)  
24/7 Hotline: + 41 55 253 38 38

- Easy access to machine exploded views.

Article (Part) Number	Description	Quantity
100-040-552	Socket head cap screw fully threaded	1 PCS
