

TubeLiner MT

Achieving outstanding
decoration solutions.

Application possibilities

High precision hot stamping of cylindrical plastic and laminate tubes with or without caps as well as heat transfer applications with foils or labeling.

Main features

- Highest hot stamping accuracy
- 1 – 2 foils / colors
- Foil tension control
- Inspection system for 100% quality control
- Compact design

Your benefit

- Simple and quick change-over from one product to another
- High availability and reliability
- Fully automatic in- or offline operation
- Multi-functionality due to change to heat transfer, labeling or silk screen
- Low operating costs

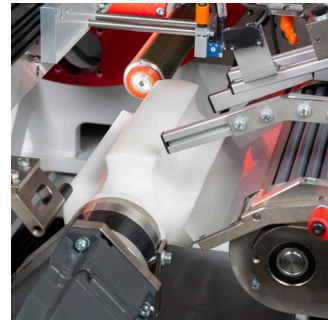

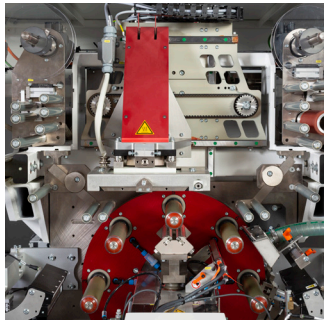

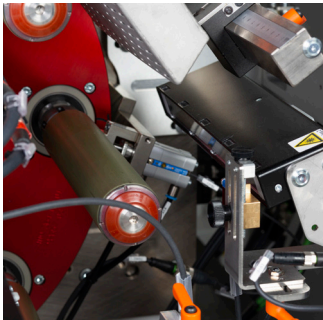

TubeLiner MT

High speed hot stamping machine for tubes.

Technical data

Output	up to 110 parts /minute
Part-Ø	13.5 – 60 mm
Part length	40 – 250 mm
Stamping width	up to 200 mm on 360°
Foil roll	inner-ø 25.4 mm outer-ø 200 mm
